Special Programs

“You Can Do It Education – Program Achieve”

You Can Do It is a curriculum to help children develop a mindset that will help them to be successful and happy individuals. Research shows that what fundamentally influences how children achieve and how academically successful they are, is a positive mindset and an understanding that how they think influences their feelings and behaviours.

Children need to learn how to change negative thoughts into positive ones eg. “I can get better at this if I practice”, rather than, “It’s too hard, I’ll never be able to do it.”

In order for children to achieve and experience emotional/behavioural well being, and to be resilient, they need to possess a positive attitude to the keys of success.

- CONFIDENCE
- PERSISTANCE
- ORGANISATION
- GETTING ALONG (Collaboration)

Each term one of these keys is covered in depth through a range of activities and the language of positive thinking underpins all our teaching.

Our kindy has a range of resources including puppets which support and enhance children’s learning, understanding and involvement of this program.
